AFC March, 2022 session was started with batches#1-6 and one over left batch#5 which consisted of total 601 students, however 568 students appeared in final exam and success percentage was 93%.. The coordinators and teachers were advised to do a strong follow-up the student's punctuality on daily basis. Further, some students were consistently absent in tests, so, teachers and testing department were advised to strictly instruct students to ensure their presence in tests by re-allowing the previous tests. WhatsApp follow up and SKANS System based SMS App was used with due diligence in this session for regularity and punctuality.

Most of the enrolled students appeared for ICAP December Exam and only one student deferred next session. All courses were completed in time around 30th November, 2021 due to the efficient performance of teachers except for batch 5 and batch 6 syllabus which was started late and completed until 10th December 2021. However, the on-campus Mocks exams were disturbed at the end of November 2021 due to the **10 days session of ACCA CBTs from the first week of December 2021.**

The overall result of AFC December 2021 Session for SKANS F-8 campus was satisfactory.

6. STATEMENT OF COMPLIANCE ON TESTS/MOCKS

From,

Mr. Hamid Ali

Exam Manager

CA Department

Date: 10-01-2022

Subject: AFC SEPTEMBER 2021 SESSION-TESTS/MOCKS DETAILS

The session under review was primarily physical, so, tests/mocks were conducted at campus. Teachers were advised to give prior intimation to the testing department to upload tests and students were also informed by teachers in advance during their classes and also on tests day through WhatsApp messages. All students were properly guided about the procedure to attempt tests. Further, individual guidance was also provided to those students who had limited technical knowledge.

At least 8-10 Tests for each subject (mainly chapter wise) plus Mocks (after completion of syllabus/section) were conducted. Overall, students' attendance and performance in tests was satisfactory. Strong follow-ups (at teachers end, at coordinators end and at exam department end) were made to increase participation in tests/Mocks.

System generated tests statistics are available at the end of this report. Further, WhatsApp communication with the students regarding prior intimation of tests, intimation after uploading tests, and reminders to attempt tests/re-tests are also available if required. Moreover, system-based SMS were also sent to all absent students by head of governance department. Its record is also available in system and presented in next section.

Some new reports at portal should be developed to fulfill the requirements of this comprehensive session report. As, at present, so much work has to be done manually. Further, it is also suggested to IT department to work on the technical issues in SKANS testing App. **Two major issues** are (i) **Server Error** and (ii) **Significant difference in number of questions/total marks for each student** of same batch/subject. These issues have been reported to IT department (Sir Aamir and Sir Salman)

and they are working on it. However, second issue is creating a big problem as Testing App/portal displays significant difference in number of questions which of course create confusion among students.

At the end of the session Exam department on the suggestion of Mr. Hamid Ali conducted test series for all the subjects which we believe played a vital role in attaining great results, T.A's were vigilant to inform parents if any student was careless. Mr. Umair conducted the test series twice for all the batches as students were not appearing in the tests initially.

Teacher’s Remarks:

Review of ICAP’s Result of AFC (FE) conducted in December-2021.

I was assigned to teach Assessment of Fundamental Competencies (AFC) Functional English (FE) to the following batches.

AFC Batch#1

AFC Batch#2

AFC Batch#3

AFC Batch#4

AFC Batch#5

AFC Batch#6

AFC Batch#5 (OLD)

Out of my 71 students appeared in exams from the aforementioned batches, 67 participants succeeded with the grace of Almighty.

I am quite contented with the attained result as majority of the pupils had abundant deficiencies in their basic English Grammatical Concepts. I admire their consistent efforts which ultimately bore fruits.

Furthermore, I am very grateful to the management and my colleagues who supported me every time and boosted my confidence. Therefore, I have been attaining the desired result consistently for last four sessions.

I anticipate that I will keep clenching unprecedented results in future which will surely strengthen our organizational credibility and tempt the forthcoming Chartered Accountants to choose SKANS School of Accountancy to groom their potentialities. I.A.

Techer's Remarks:

Review of ICAP's Recent Result of AFC-3 (QMS) Conducted on December, 2021:

I was assigned to teach Assessment of Fundamental Competencies (AFC-3) which is Quantitative Methods (QMS) to the following batches:

AFC Batch #2

AFC Batch#3

AFC Batch#5 (Old)

AFC Batch#5 (New)

Out of my 90 students appeared in exams from the aforementioned batches, 86 participants succeeded with the grace of Almighty.

I am quite contented with the attained result as majority of the pupils had abundant deficiencies in their basic mathematical and statistical concepts. I admire their consistent efforts which ultimately bore fruits.

Furthermore, I am very grateful to the management and my colleagues who supported me every time and boosted my confidence. Therefore, I have been attaining the desired result consistently for last four sessions.

I anticipate that I will keep clenching unprecedented results in future which will surely strengthen our organizational credibility and tempt the forthcoming Chartered Accountants to choose SKANS School of Accountancy to groom their potentialities. I.A.

PTM:

SKANS conducted PTM in Aug-2021 for the all the 6 batches plus for batch#5 in the previous session. **Parents of 56 students showed up out of 210 students.** The number is fairly high considering most of our students are hostilities and it is not possible for their parents to attend physical PTM'S.

Did you visit voluntarily or on request from management?	Did you visit your child's SKANS Portal prior to coming to the meeting?	Did you know your child's ICAP's selected paper choices?				Aug 2021
