Subject: RE: Content Report RAR Sep-21 ICAP Result

Respected sir
This gap in actual lecture compliance is only because during online classes syllabus were covered early. After completion of syllabus extensive revision classes and test series were held for each subject in physical classes to cover this difference.
we will take more care to comply with lecture plan in future.

Statement of Compliance

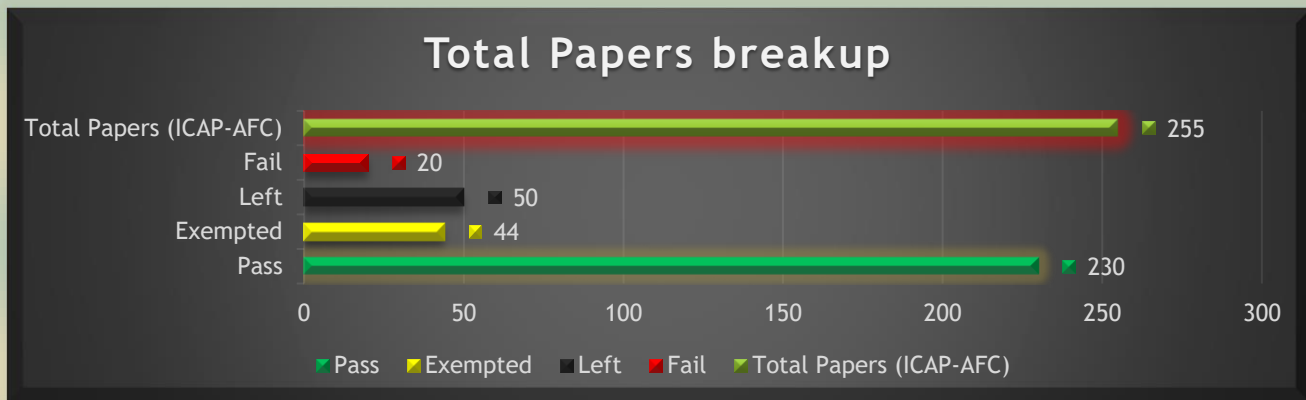

On Variables Identification

From
Salman Hamid
HOA CA Department

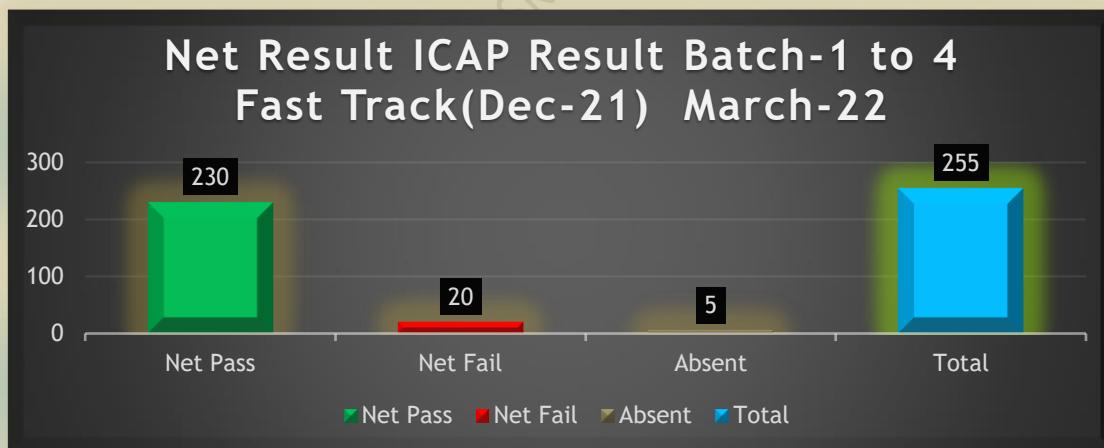

Date: 17-01-2022

In the process of result compilation, we started categorizing result in sixteen variables (in total) as per SOPs (issued dated 15th December, 2020). During this session under review at RAR Campus, only ONE variable (drop (4 PAPERS) was identified other than Pass and Fail. The relative percentage and number of variables can be seen in the table/graph titled “Composition of Variables as per SOPs-AFC” Dec. 2022 (Fast Track).

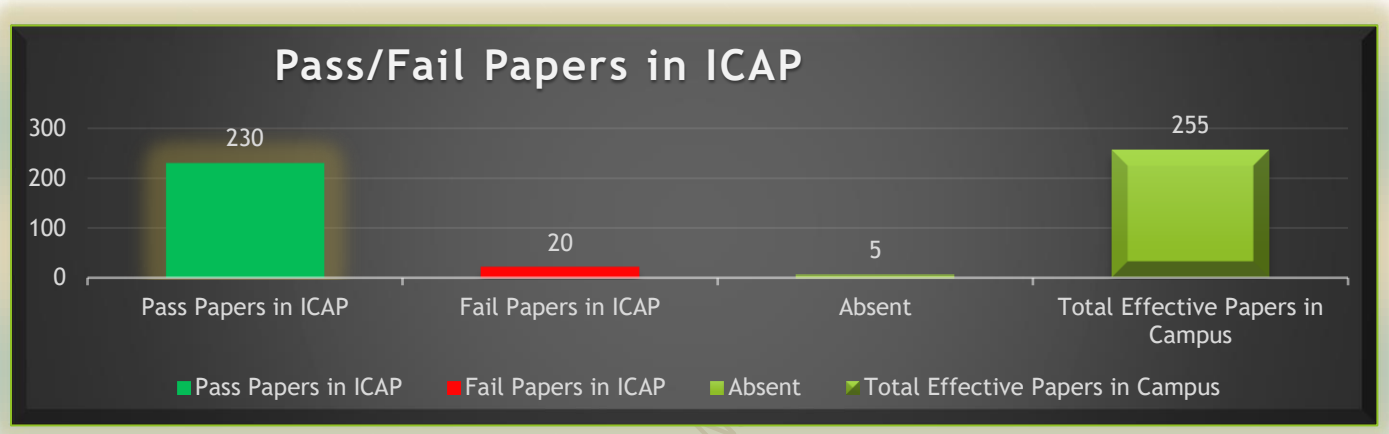

S.#	Papers	Paper Strength	LEFT AS PER APPROVED POLICY	Exempted	Net papers	Pass	Fail	Absent
1	BC	93	13	0	80	73	6	1
2	IT	67	10	34	23	21	2	0
3	FE	92	13	7	72	63	7	2
4	QMS	97	14	3	80	73	5	2
Total		349	50	44	255	230	20	5

Net Pass	Net Fail	Absent	Total
230	20	5	255

Pass Papers in ICAP	Fail Papers in ICAP	Absent Papers in ICAP	Total Papers appeared in ICAP
230	20	5	255

Departmental matters are also addressed in different sections of this report along with future directions. Moreover, this report is available for session-end academic audit by an external party if required. All under review session results have been discussed with the relevant teachers. Our teachers or relevant subject team can discuss results with Principal/CEO if required

for further improvements in the external exams of ICAP results for the session under review

Daily SMS to Absent Students and Follow-UPs

During the period under review, SMS to absent students were sent on daily basis. SMS status report is now available in Database report name "SMS Log". This activity was started on August 2021 till December 2021. During this period, 3455 SMS send to absents parents. (as per database i.e. SMS Log in SKANS portal)

Extensive follow-ups in this regard were carried out by coordinator. In order to make it more effective practice or drill in future, it will be highly recommended to record all types of follow-ups under SOP's i.e., automated batch-wise SMS must be sent and reported in order to evaluate the effectiveness of this component.

For this a new category of SMS may be generated by pooling into it all those students who have low attendance (4 times in a month) and Absent/fail in online Tests (2 tests) simultaneously in a month for parents' follow-up (as requested to the relevant department)

"Dear parents, please visit to discuss your son/daughter's performance". Please follow his/her reports from Parents' portal.

Therefore, it is highly recommended to trim our system of SMS on the above-mentioned framework. This will help us to fix the problem area in time and make a meaningful comparison. (For IT solution department)

SKANS

Testing Section

For the period under discussion, special efforts were made in terms of 'Testing' in order to makeup for deficiencies, if any, by using concept of "iteration "(reload) the record, testing was done at 100% level of effort on departmental level. Teachers tested the students as per LP and re-load were conducted accordingly. In addition, test series of all subjects were conducted at the end of syllabus. Due to sudden announcement of **CBT (ACCA) the Mocks of all four papers were taken online.**

The efficiency of these tests at student level is of approximate 90%. We made efforts to contact students and encouraged them to participate in Physical/online testing through follow-ups at the teacher, coordination and test department level.

Testing ratio of this session at conduction level was 96% whereas student's attendance in testing was approximately 90%. Therefore, the management or testing department took serious steps and carried out strong timely follow-ups through system generated SMS service on daily basis under the review period of AFC March 2022 (Fast Track).

S #	Type of SMS	Action	Source name of report from data-base
1	Daily Class absent SMS	YES	SMS Log -Almas
2	Test result intimation	YES	SMS Log -Jalal

Remarks by the HOA (CA) Salman Hamid Khan

Sir, results this time has improved as compared to last time. We have discussed the result with teachers and devised strategies to improve it in future by keeping requirements of PRC and touch the milestone i.e. 100%.

Remarks by the Supervisor AFC (Muhammad Irfan Khalid)

Result is very much satisfactory yet there is still a space to be covered for achieving excellence. Testing has got better in this session. We will put more efforts in it and in future will improve result by focusing on the points discussed with teachers in post-result meeting.
