## 1.1 Statement of Compliance On Variables Identification

By Ex- HOA/Vice Principal

From

**Shuja Ali Khan**

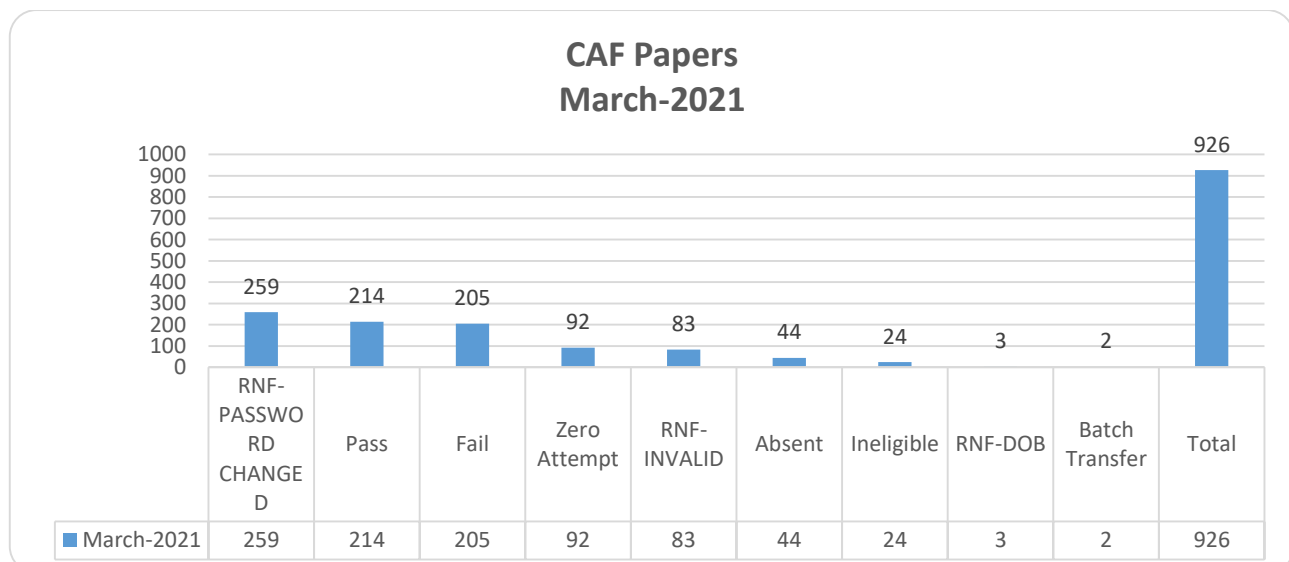

Ex-Head of Academics/VP

CA Department

**Subject: SKANS F-8 Campus, Islamabad**

In the process of result compilation of CAF for March 2021, ICAP exams were held from March 1<sup>st</sup> 2021 to March 6<sup>th</sup>, 2021. The result of this ICAP exam was declared by ICAP on 4<sup>th</sup> May 2021 (where expected ICAP date was 11<sup>th</sup> May, 2021). We started categorizing result in nine variables (in total) as per SOPs (issued dated 15<sup>th</sup> December, 2020). During the session March-2021 CAF ICAP under review at F8-Campus, only seven variables (Password Changed (259-45 PAPERS), Zero Attempt (92-130 PAPERS), Invalid CRN (83-29 PAPERS), Absent (44-78 PAPERS), Ineligible (24-29 PAPERS), RNF-DOB (3-3 PAPERS), and Batch Transfer (2-3 PAPERS)) were identified other than Pass (214-229 PAPERS) and Fail (205-307 PAPERS) in its initial **(Pre-Post Follow up)** manual review conducted by Mr. Shuja Ali Khan EX-ITD member whereas the same manual review conducted by the present head ITD Hamid team and reported (914 papers) as below. The relative percentage and number of variables can be seen in the table/graph titled “Composition of Variables as per SOPs-CAF” March 2021.

Variables	No of Papers
<b>RNF-PASSWORD CHANGED</b>	259
Pass	214
Fail	205
Zero Attempt	92
<b>RNF-INVALID</b>	83
Absent	44
Ineligible	24
<b>RNF-DOB</b>	3

<b>Total</b>	<b>926</b>

## 1.2 COMPARISON OF DIFFERENT VARIABLES IN MARCH 2021 AND SEPTEMBER SESSION PAPERS

PAPERS

<b>RNF-PASSWORD CHANGED</b>	259	Now after follow up 45	Controllable with close loop
<b>Zero Attempt</b>	92	130	Uncontrollable
<b>RNF-INVALID</b>	83	Now after follow up 29	Controllable
<b>Absent</b>	44	78 illness	Uncontrollable in COVID
<b>Ineligible</b>	24	29 AFC fail attempted	Un-Controllable

<b>Batch Transfer</b>	2	Possible	Un-Controllable
	<b>507</b>		
<b>Total</b>	<b>926</b>		
	55%		

The resulting deviation from the normalization i.e., 55% (507 PAPERS /926 PAPERS) (last session December % (/) was due to inherited and non-inherited limitation which was categorized in different variables (PAPERS\$ in numbers) in ICAP Exam”. Gross Basis Means Pass/Total Papers (214/926).

Overall campus result in aggregate ON GROSS BASIS of CAF batches is 25% (229/926) (LAST SESSION %) whereas on Net Basis it is 43% (229/ (229+299)- (last session %). The failure percentage is 205 papers in current period i.e.,57 % (net basis). (last session %)

So, the effective campus aggregate rate will be considered 43% ( $229 / (229 + 299)$ ). Teacher-wise and subject-wise system generated report is attached at the end.

Relevant supporting evidences can be found in the file/Database reports. All these procedures and evidences is being documented in Internal ICAP Result KPIs file for the current session March 2021 attempt for future reference and guidelines.

Departmental issues are also addressed in different sections of this report along with future directions. Moreover, this report is available for session end academic audit by an external party if required. All under review session results have been **discussed with the relevant teachers. Our teachers or relevant subject team can discuss results with Principal** if required for further improvements in the external exams of ICAP results for the session under review.

### 1.3 Daily SMS to Absent Students and Follow UPs

During the period under review, SMS to absent students were sent on daily basis. SMS status report is now available in Database report name “SMS Log-Shuja -absent information”. This activity was started on session 2020 when government announced the second lockdown in the country due to the second wave of COVID 2019. During this period, 9756 (cut of date 15<sup>th</sup> December 2020 to 28<sup>th</sup> Feb. 2021) (last session fast track 8071 SMS) in total were sent to the students from 1<sup>st</sup> October 2020 till 18<sup>th</sup> March 2021 for all AFC and CAF batches for online classes

Extensive follow ups in this regard were carried out by coordinator Mr. Farhan in the start (I think till 8<sup>th</sup> January 2021). In order to make it more effective practice or drill in future, it will be highly recommended to record all types of follow ups under SOP's i.e., automated batch-wise SMS must be sent and reported in order to evaluate the effectiveness of this component.

For this a new category of SMS may be generated by pooling into it all those students who have low attendance (4 times in a month) and Absent/fail in online Tests (2 tests) simultaneously in a month for parents' follow-up. (still to apply) (STILL MISSING NEEDS TO IMPLEMENT)

“SKANS ALERT! Dear parents, please visit to discuss your son/daughter's performance”. Please follow his/her reports from Parents' portal.

Therefore, it is highly recommended to trim our system of SMS on the above-mentioned framework. This will help us to fix the problem area in time and make a meaningful comparison. (For IT solution department)

### 1.4 Testing Section

For the period under discussion, special efforts were made in terms of ‘Testing’ in order to make up for deficiencies caused by online classes. For the record, testing was done **at 100% level of effort on departmental level**. (same online classes and testing limitation) Teachers tested the students as per LP and retest were conducted accordingly. The efficiency of these tests at student level was average at an approximate 70%. This is due to the distance learning environment. (as mentioned in the current remarks status of each teachers) (follow ups+ online Testing problems)

We made efforts to contact students and urged them to participate in online testing through follow-ups at teacher level. Due to different factors i.e., bad internet service, lack of self-motivation and no physical supervision, a smaller number of students attempted the tests. Testing ratio of this session at conduction level 100% whereas student's attendance in testing was 70%. Therefore,<sup>12</sup> it is recommended that management or testing department take serious steps and **carry out strong timely follow ups** through system generated SMS service on daily basis.

Under the review period of CAF March 2021, further, it is recommended to IT software department to trim the required message (SMS) to failure and absent students in tests. Whereas, currently SMS on testing is sent to the pass and failure students. Further, SMS must also be trimmed as per subject wise and batch wise so we can correlate this with the strong follow ups. **(I think done) no need of this para.**

**Future Input for Testing:**

- a) Manager exam/ITD should send SMS 2 days before each test online and manual to the parents regarding informing about the class tests as directed by the principal in meeting.
- b) Also must follow the JDs clauses and directives.
- c) Apply the concept of iteration in online testing and practice both for AFC and CAF level. **(MUST APPLY ONE STEP AHEAD APPLICATION OF AUTOMATION WITH THE SLP-FRAMEWORK-2021 TESTING BOTH FOR ONLINE QUIZ/ASSIGNMENTS AND MANUAL TESTING AT AFC AND CAF LEVELS.**

**1.5 PTM**

During the period under review ONLY TWO (last Year 2019-----) System Based PTMs in Front office were conducted whereas remaining meetings were conducted in the form of informal communication (Calls) by the coordinators. System Generated PTMs status report is now available in Database report name Parents feedback. In order to make this effective a new category of PTM SMS may be generated by pooling into it all those students who have identified in the previous follow ups and still continue with the same habit of attendance (10 times in a two months' time) and Absent/fail in online Tests (4 tests) simultaneously in a two month for parents follow up. "SKANS ALERT! Dear parents, please come for PTM to discuss about your son/daughter performance". Please bring his/her reports from Parents' portal. **(SAME OLD OR DECREASE)**

**(NEEDs TO IMPLEMENT STRONG FOLLOW UP)/MUST APPLY**

**NO DOCUMENTED FOLLOW UPS AFTER 8<sup>TH</sup> JANUARY 2021 (I THINK)**

## 1.6 Teachers Evaluation

Teachers evaluation was conducted on four separate occasions as per SOP. However, the Student Attendance in teacher evaluation was very low. This matter now needs a strong follow-up.

This session's average attendance in Teachers Evaluation was 10% (Last Year 2019: -----), System Generated teacher evaluation status report is now available in Database report name?

### **Future recommendations on TE/ (STILL GAP)**

Still no improvement in the conduction of system-based Teacher evaluation whereas per policy and practice it must be carried out three OR FOUR times in a session with 100% attendance in TE. Just uploading the TE will not serve the purpose. Must submit the analysis and apply the concept of strong loop at coordination level. It must be attached with online testing for both AFC AND CAF LEVEL. ANALYSIS REPORT FOR EACH STUDENTS MUST BE SUBMITTED BY THE COORDINATORS TO THE PRINCIPAL.

NUMBER OF TIMES IN A SESSION	TIME OF OCCURANCE
1	AFTER ONE MONTH OF THE CLASSES
2	AFTER 15 DAYS OF ICAP RESULTS
3	75% OF COURSE COMPLETED
4	AT THE END OF SESSION BEFORE CONDUCTION OF EXPECTED ICAP RESULT (ONE MONTH BEFORE)

### 1.7 LECTURE PLAN (LP)

As an HOA, I assert that teachers follow the in-practice LP for teaching their subjects with a slight variance of 20%. (Last Year 2019--). This change was on need basis keeping in view the proficiency level of students in online classes as requested by teacher.

#### COMPARISON OF MARCH-2021 AND SEPTEMBER GROSS AND NET RESULTS

**Net = Pass/(Pass+ Fail+ Low attendance) (page #12 of the policy) -----Shuja**

- B) WEAK LOOP WITH THE STUDENTS
- C) TECHNICAL ONLINE CLASSES ISSUES
- D) HEALTH ISSUES
- E) INTERNET ISSUES
- F) WEAK REPLY ON THE EMAILS
